State of Missouri
Office of Administration
GOVERNOR'S COUNCIL ON DISABILITY

History

The Governor's Council on Disability traces its roots to the World War II era. In 1947, President Harry S Truman issued an Executive Order establishing the President's Committee on Employment of the Handicapped. This Committee was created to assist disabled WWII veterans with re-entry into the civilian workforce. In 1949 Missouri established the state Governor's Committee to share information about work-related problems facing people with disabilities. In 1994 our statute was updated to broaden our mission beyond employment, enabling the Governor's Council on Disability to become a voice for the more than one million Missourians with disabilities in all facets of life, including state government.

Mission

To provide leadership and support so people with disabilities achieve inclusion and independence.

Vision

A state where people with disabilities fully participate in all aspects of community life.

The Strategic Planning Committee is currently in the process of working on revising the Vision Statement, Goals and Strategies for the Governor's Council on Disability.

Council Membership

- 20 members and a chairperson comprise the Council.
- The Governor appoints members.
- The appointment of the chairperson requires the advice and consent of the Missouri Senate.
- Members represent each of the nine U.S Congressional Districts.
- The majority of members are people with disabilities.
- The Governor's Council is comprised of the following committees: Executive, Finance and Development, Personnel, Strategic Planning, Advocacy; and Legislative and Programs subcommittees.

Daniel P. Card II, Chair
2nd Congressional District
St. Louis
First Appointed: 4/19/05

Karen Benson
7th Congressional District
Mount Vernon
First Appointed: 10/9/01

Stanley Brown
Member 11
St. Louis
First Appointed: 10/18/02

Joseph Colagiovanni
St. Louis
First Appointed: 9/27/05

Edward Duff
7th Congressional District
Joplin
First Appointed: 7/19/05

Michael Esser
2nd Congressional District
Chesterfield
First Appointed: 10/14/05

Kathleen Fagin
Member 3
Chesterfield
First Appointed: 4/19/05

Mikael Fredholm
4th Congressional District
Camdenton
First Appointed: 7/6/99

Patricia Gallagher
Member 9
Kansas City
First Appointed: 8/20/03

Matthew Hughes
8th Congressional District
Farmington
First Appointed: 3/29/05

Mary Ellen Jenison
Member 8
Lee's Summit
First Appointed: 8/9/96

Stephanie Logan
6th Congressional District
Columbia
First Appointed: 10/14/99

Todd Mayfield
Member 1
Jefferson City
First Appointed: 10/9/01

Sarah Olson
Member 4
Columbia
First Appointed: 4/6/05

Susan Orton

St. Louis
First Appointed: 11/29/05

Molly Tallarico
Member 5
St. Louis
First Appointed: 5/26/05

GOVERNOR'S COUNCIL ON DISABILITY

Organizational Structure

Finances

The Governor's Council on Disability programs are primarily financed through General Revenue. This funding covers personnel costs and expenses for most Council activities. The Fiscal Year 2006 budget is listed below:

Personnel (4 FTE):	\$159,241
Operating Expenses:	<u>\$ 37,421</u>
	\$196,662

At time of publication, the Council has spent \$14,135.08 in operating expenses, 38% of the FY06 budget. Expenses include supplies, travel, Council meeting expenses, and expenses on GCD programs, with the exception of the Missouri Youth Leadership Forum.

The Missouri Youth Leadership Forum is the only program that is not funded through General Revenue funds. This program is funded through a mixture of private donations, grants, and contracts. The following is a synopsis of the 2005 event.

2005 MYLF event costs: \$13,186.96

• University of Missouri-Columbia (Lodging, meals, and conference rooms)	\$ 6,070.74
• Transportation (Bus transport and individual transport)	\$ 1,573.03
• Speakers fees (Some travel costs included)	\$ 2,464.02
• Printing/Supplies	\$ 2,989.17
• Audit	<u>\$ 90.00</u>
<u>Total</u>	<u>\$ 13,186.96</u>

Pursuant to RSMO 286.210, "The governor's council on disability may receive funds and property by gift, devise, bequest or otherwise may solicit funds to be used in carrying out the purposes of sections 286.200 to 286.210". Accordingly, the Council's newly formed Finance and Development Committee is exploring various options to utilize existing resources, as well as seeking new resources to expand operational capacity.

Council Events 2005

There were many exciting and noteworthy events in 2005 for the Governor's Council on Disability and one very sad occurrence.

- Eleven new Council members were appointed by Governor Matt Blunt. Dan Card, Chair, was appointed by Governor Matt Blunt on April 19, 2005. He was then confirmed on by the Missouri State Senate on April 28, 2005.
- Council members Dan Card, Kathleen Fagin, Matthew Hughes, Sarah Olson, and Molly Tallarico were sworn in on May 26, 2005 by Missouri Supreme Court judge Richard Teitelman. Judge Teitelman, who is legally blind, is the first person with a disability on the Missouri Supreme Court. There were four other Supreme Court justices at the swearing in, lending their support to the Council.
- Judge Mary Rhodes Russell administered the Oath of Office to Council member Donna Pavlick at the June 24, 2005 Council meeting. Judge William Ray Price later administered the oath to Council members Susan Orton, Edward Duff, and Mike Esser at the October 21, 2005 Council meeting.
- The Council amended the by-laws. The most significant change created an executive committee, which enables the Council to take action between the regularly scheduled quarterly meetings. This change allows the Council to be more proactive. The election of officers took place at the December 2, 2005 Council meeting. The Executive Committee consists of chair Dan Card, Joe Colagiovanni (Vice-Chair for Finance and Development), and Kathleen Fagin (Vice-Chair for Programs and Operations). The three at-large members elected were Karen Benson, Edward Duff, and Mary Ellen Jenison.
- The Committees, per the newly adopted by-laws, have been restructured. The current committees include: Executive, Advocacy (Mary Ellen Jenson): Legislative subcommittee (Karen Benson and Molly Tallarico – co-chairs) and Programs subcommittee (Sarah Olson – chair), Finance/Development (Joe Colagiovanni – chair), Personnel (Donna Pavlick – chair), and Strategic Planning (Kathleen Fagin – chair).
- The Strategic Planning committee has drafted a 2008 vision, and the goals and strategic initiatives to achieve the vision. The plan is expected to be finalized in the next quarter.
- The Legislative committee is considering a proposed resolution that addresses environmentally caused disabilities such as asthma and chemical sensitivity disabilities. New Council member Dr. Hani Soudah developed a white paper as a response to this inquiry.
- The Legislative and Advocacy Committee met three times to discuss legislative priorities and review over 200 responses to a legislative priority survey from people with disabilities, family members, and agencies around the state.
- There was a special Council meeting held on July 20, 2005 to commemorate the 15th anniversary of the signing of the Americans with Disabilities Act (ADA). Governor

Matt Blunt gave the keynote address and also provided a proclamation extolling the virtues of the ADA.

- The Governor's Council on Disability developed many new partnerships among the state departments this past year. The "state department liaisons" are encouraged to attend meetings and provide input. We partnered with the Department of Public Safety on a disabled parking "sting" operation this past summer at several state office building locations. There were no "tickets" given out, but many state employees were found to be driving with illegal, expired or no disabled license plates or placards. These individuals were warned and given materials that explain the new disabled parking law.
- Council member Donna Lange of Sedalia passed away on December 14, 2005 after a long battle with multiple sclerosis and myasthenia gravis. She was first appointed to the Council June 5, 2003 and attended all meetings but one. She provided valuable input from the perspective of the user of statewide disability services. She was also very instrumental on the board of West Central Independent Living Solutions in Warrensburg. She will be missed.

Accomplishments

Technical Assistance

The Governor's Council on Disability provides disability-related technical assistance to individuals, businesses, governmental and agency representatives from all over the state, and occasionally from other states, by phone, letter, or e-mail. Most contacts were from individuals in need of resources in order to live more independently. Referrals were made to Centers for Independent Living, state and federal agencies, and other non-profits, including faith-based groups and community action agencies. In some instances, referrals were made to a business or for-profit entity. The Council also worked with a number of state legislators to provide solutions to individuals' problems and issues.

In this past year, the Council received a substantial number of calls concerning funding for health care assistance, utility assistance, and home modifications. Other common inquiries included information on disability statistics, how to more effectively find employment, and questions about potential discrimination on the job. Overall, the Council assisted more than 600 different callers with more than 100 types of inquiries.

Presentations

The Governor's Council on Disability provides educational programs on disability rights and disability awareness to any group or organization requesting such information. Educational programs are specifically tailored to the individual or group to ensure effectiveness. During calendar year 2005, Council staff developed and presented 40 programs to 2,613 interested individuals around the state.

Awards

The Governor's Council on Disability sponsors the Annual Inclusion Awards and Poster and Journalism Contests each year.

Annual Inclusion Awards

The Annual Inclusion Awards recognize and honor individuals, groups, organizations and businesses for their successful inclusion of people with disabilities in the areas of employment, education, parenting and community. The Council's Programs Subcommittee selected the winners of the inclusion awards, who were nominated by individuals or organizations in their communities.

The awards are presented to the individual/group in their own community so that the local community can participate in this exciting event.

The 2005 Inclusion Awards winners were:

Bob Aldridge Advocate of the Year – Ms. Doris Weber, Life Care Planning

Ms. Weber has helped countless families plan for the future of their children with disabilities when the family members are no longer able to care for them. She assisted families with financial planning, advocating, and accessing services. She developed a training program for agencies and individuals to help them understand the Medicare Prescription Drug Act. Ms. Weber collaborates with many agencies in the community, such as Kansas City Regional Center and Jackson County Board of Services for the Developmentally Disabled.

Educator of the Year – Ms. Lisa Finch, Teacher, Hillsboro High School

Ms. Finch is a choral music teacher who started including students with disabilities in her choir class. She prepared the class for the inclusion and made special accommodations for the students to help them participate successfully. Her efforts have had a huge impact on the students.

Employer of the Year – Global Products, Inc.

Ms. Rebecca Herwick, President and CEO, received the award for Employer of the Year for integrating people with disabilities into her organization by providing permanent work opportunities. Ms. Herwick also donates material for prevocational activities, performs work evaluations for program participants at Global Products, Inc., and delivers job material to The Center for Head Injury Services in St. Louis to create paid work experience for trainees.

The Excellence in Universal Design and Technology Award – City of Chesterfield

The City of Chesterfield received this award for the “Catch-22 Miracle Field”, an adaptive and accessible baseball field for children of all ages and capabilities. The ball field features a custom designed, synthetic turf field, which accommodates wheelchairs and other assistive devices, while helping to prevent injuries. This facility promotes a barrier-free design, equal opportunity, inclusion, and a sense of community. It removes the barriers, which prevent children with disabilities from playing on conventional baseball fields, and lets them experience the joy of America's favorite pastime.

Poster and Journalism Contests

The Poster and Journalism Contests reward excellence in art and journalism while increasing disability awareness among Missouri's youth. Both contests are open to middle and high school students grades 7 through 12. Information about the contests is distributed statewide to schools and local organizations. More than 150 essays and posters were submitted in the contests in 2005. The first, second, and third place posters were displayed at the luncheon. The winners, selected by the Council's Programs Subcommittee, received savings bonds of \$250, \$500 and \$1,000 respectively. Several businesses donated items that were used as “door” prizes for the non-winning entrants. The winners for the 2005 Poster and Journalism Contests were:

Poster Contest

1st Place

Jenny Woods
Westran High School
Huntsville, MO

2nd Place

Kelsey Bishop
Spokane High School
Spokane, MO

3rd Place

Cazy Vaughn
Halfway High School
Halfway, MO

Journalism Contest

1st Place

Lee Morehouse
Winnetonka High School
Kansas City, MO

2nd Place

Lindsey Parson
Bode Middle School
St. Joseph, MO

3rd Place

Julie Williams
Brookfield R3 High School
Brookfield, MO

Publications

The Governor's Council on Disability publishes a variety of information, including the *Directory of Resources for Missourians with Disabilities*. In 2005, over 125 printed copies were requested by individuals and agencies, while many more were directed to our website for the online version. The online *Directory* is user-friendly and allows each user to search by category. It is also more cost efficient, saving the Council in printing and shipping costs.

During the legislative session a weekly update, *Legislative Update*, was distributed to keep concerned individuals up-to-date on legislation that potentially impacts individuals with disabilities. Over 900 individuals received the publication via email and the regular mail system.

The Governor's Council on Disability also disseminated a variety of other publications, including the *Americans with Disabilities Act Accessibility Guidelines*, the *Equal Employment Opportunity Commission Questions and Answer* booklets, *Disaster Preparedness for Persons with Disabilities*, and *Missouri State Capitol Access Guide*.

Legislative Education Project

During the 2005 legislative session, over 130 individuals attended a three-day training program, known as the **Legislative Education Project** or LEP, held weekly Tuesday through Thursday at the state capitol during the 2005 legislative session. Participants arrived on Tuesday morning and were given an overview of the legislative process and a list of bills that would have an impact on individuals with disabilities. Participants were then encouraged to visit with senators and representatives and their staffs to discuss their concerns and voice their opinions. Attendees were also strongly encouraged to attend any hearings that took place while they were in Jefferson City. Individuals left Jefferson City on Thursday of the week with a new confidence in getting their voice heard both in Jefferson City and back in their home districts.

Missouri Business Leadership Network

The Business Leadership Network (BLN) sponsored two major events last year. The first was the Spring Event held at Edward Jones with Debra Yost presenting tactics on how employers can be proactive in hiring people with disabilities.

The Fall Event was held at Harrah's to celebrate Disability Employment Month and Disability Mentoring Day. Several St. Louis employers spoke about their experiences in hiring people with disabilities. Among the speakers were representatives from St. Luke's Hospital, US Bank, Edward Jones, and Harrah's.

A new website with current employment information for employers and employees with disabilities was created and can be accessed at www.mobln-gateway.org

Three new employers in the St. Louis area, Brown Shoe Company, May Company (Federated Holding), and Quest Diagnostics, have joined the BLN. The recruitment for employers continues.

Missouri Youth Leadership Forum

The 2005 Missouri Youth Leadership Forum (MYLF) was held at the University of Missouri in Columbia. Fourteen student-delegates took part in the four-day event, which is a unique career leadership-training program for high school juniors and seniors with disabilities. By serving as delegates from their communities, young people with disabilities cultivated leadership, citizenship, and social skills. Activities included speakers, small group discussions, assistive technology demonstrations, career exploration, mentoring luncheon, and a day in Jefferson City to meet with legislators.

The 2006 MYLF will be held in Columbia from July 23-26, 2006. In addition to the Governor's Council on Disability, the Missouri Planning Council for Developmental Disabilities and the Independent Living Resource Center, Inc. are helping to organize the 2006 event.

Lunch & Learn Workshops

The Governor's Council on Disability began this new program in 2005. The Council sponsored four Lunch & Learn workshops to give audience members, primarily state employees, information about health and disability issues that directly affect their lives. The attendees are encouraged to bring their lunches while they listen to the lunch-hour presentations. Over 120 individuals attended the following presentations:

- January 28, 2005
Doris Weber, Executive Director, Life Care Planning and 2005 Bob Aldridge Advocate of the Year award winner, spoke on **“Financial Planning for Older Adults with Disabilities”** at the Harry S Truman Building, Jefferson City
- February 25, 2005 and October 7, 2005
Dr. Tipu Sultan, MD, presented **“Anti-Aging: It's Your Choice”** at the Harry S Truman Building, Jefferson City in February and at the Wainwright Office Building, St. Louis in October.
- October 26, 2005
Wayne Girdner, Certified Hypnotherapist, presented **“It's Not About How Much You Eat; It's About How Much You Want to Eat: Learn to Change Your Want”** at the Harry S Truman Building, Jefferson City

Boards and Commissions

As part of the advisory capacity of Governor's Council on Disability's function, staff and council members serve on a variety of boards and commissions to promote opportunities in all aspects of life, including employment, transportation, recreation and housing. The following is a list of those boards and committees in which staff and council members served in calendar year 2005.

Accessible Housing Consortium, St. Louis
American Association of People with Disabilities, Kansas City
American Council of the Blind, St. Louis
Blind Literacy Task Force, Jefferson City
Boone County Family Resources, Boone County
Brain Injury Association of Missouri, St. Louis
Cardinals Access Committee, St. Louis
Central Missouri Disability Task Force, Columbia
Central Missouri United Way, Jefferson City
Children's Learning Center, Osage Beach
Clay and Platte County Parks, Trails and Greenways Board of Directors, Kansas City

West-Central Independent Living Solutions, Warrensburg

Legislation

The Governor's Council on Disability will continue to advocate for people with disabilities in the 2006 legislative session.

- The Legislative Subcommittee is examining pre-filed bills that relate to disability and is analyzing their impact on the disability community.
- The Council is using the results of a 2005 legislative survey as a basis for pursuing legislative issues in the upcoming 2006 session.
- The Governor's Council on Disability and the Statewide Independent Living Council will continue to co-sponsor the Legislative Education Project (LEP).

Personal Independence Commission

The Personal Independence Commission (PIC) completed its fourth year of work. As established by Executive Order 01-08, the PIC is charged with advising the Governor on necessary policy and program changes to assure that Missourians of all ages and disabilities have access to a range of community support services. The PIC includes individuals with disabilities, family members of people with disabilities, senior citizens, advocacy groups, the Lieutenant Governor, four members of the General Assembly and representatives from the Departments of Social Services, Mental Health, Health and Senior Services and Elementary and Secondary Education.

The staff of the Governor's Council on Disability continued to provide technical and staff support to the activities of the PIC. In addition, our tasks this year focused on implementing the Special Projects Team Action Plan in the areas of common application/assessment information, transition from institutions, assuring community options, and the Real Choice Systems Change grant.

Proposed 2006 PIC Commission Meeting Dates

January 9, 2006
April 17, 2006
July 10, 2006
October 16, 2006

For more information, please visit the Personal Independence Commission website at www.gcd.oa.mo.gov/PIC/pic.shtml.
